REPORT OF THE CHIEF OF POLICE

Here is my report for the year 1960 accounting for some of the activities of the Police Department.

Calls and complaints—90, warrants served—20, camps and buildings inspected—15, accidents investigated—15.

During 1960 our main roads were policed on all busy holidays and weekends. I hope to continue this procedure in the future.

The Department members and police from neighboring towns have helped in organizing a Mutual Police Association. The purpose of this organization—to better understand police work and procedure in the community.

Proceeds from a recent supper have been used to purchase winter coats for members.

In conclusion I wish to thank the members of the Department, town officers, others Departments, and citizens for their co-operation this past year.

CHESTER MacDONALD, Auditor

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Brentwood, N.H.:

It is apparent by your past actions that you are willing to support good education. I therefore urge you to consider carefully the following:

The School Board of Brentwood has this year attempted to provide quality education by splitting the first, second, third and fourth grade rooms and creating a new class room. This was an attempt to reduce the number of pupils in each class room so that all children at this level would have more individual attention. Considering the pupils presently enrolled in the Swasey School, it is necessary to further split the present grouping as follows:

Grade 1 — 20 students plus - Teacher Mrs. Amazeen.

Grade 2 — 18 students plus 8 Grade 3 students - Teacher Mrs. Long.

Grade 3 — 7 students plus 17 Grade 4 students - Teacher Mrs. Gauthier.

Grade 5 — 24 students - Teacher Mrs. Rutledge.

Grade 6 and 7 — 29 students - New Teacher.

Grade 8 — 25 students - New Teacher.

You will note according to this grouping that we will need six teachers instead of four as planned a year ago. This means that it will be necessary to secure the services of an additional teacher and to provide for two additional classrooms. As your educational leader hired by your Board, I urge you to consider this proposal carefully.

Reference is made again this year to the questions brought to your attention last year in my report to you, mainly the type of education you expect and the type you are willing to support. We still need to reduce class size to

25 or 30. We still need a program of studies. We still need a basic series in our subject areas. In addition one of the greatest needs in this Union is still help at the Union level. This is in relation to the position of Superintendent. It is unreasonable to expect anyone to fulfill all the obligations this person should fulfill as Superintendent of Schools, and properly care for all the communities that are expected to be cared for in this Union. I feel it necessary to again this year request and emphasize the need for a Helping Teacher.

In looking over our needs listed last year, it is noted that some of them have been fulfilled. For example, we are rapidly progressing toward a program of minimum essentials and a program of studies. We have improved our basic series in the subject areas. We have evaluated and made changes and are now using a new report card. We have developed and have only recently put into use a permanent record system that is universal throughout the Union. There is being offered an inservice training program for teachers, insignificant as it is at the present time, we are providing courses to improve teaching ability.

In conclusion I would like to offer to you as parents and citizens a challenge. Let us all search ourselves and others to determine what type of school is most desirable, ask ourselves if our school presently fits these requirements, and if not attempt to create change so that it will.

THAYER D. WADE,

Superintendent of Schools

SCHOOL HEALTH REPORT

To: Mr. Wade, School Board Members, and
Citizens of Brentwood:

I am happy to report that for the first time in the history of the schools of our Union we have available the services of a speech therapist. Because Speech Therapy is a young field, this type of therapist is not available to many school systems. Speech defective children are much more numerous than we might suspect, and investigation shows that only one-sixth of them are being given the remedial instruction that they must have if they are to be helped. The response from most parents and from the P.T.A., sponsors of the program, has been enthusiastic. It is my hope that Speech Therapy will become an integral part of the school program.

Because of family responsibilities, our school doctor has had to give up her school connections on a regular basis. In spite of this, she has kindly offered to help with individual needs.

The position of Public Health Nurse no longer exists in this area. This means that pre-school clinics will be discontinued unless individuals or groups in the community plan and initiate such action.

Other health services aimed at maintaining and improving the health of school children are being carried on as usual.

Respectfully submitted,

CONSTANCE J. HUSS, R.N.
